

FLEXIBLE HOSE CLAMP DRIVER

GREATER FLEXIBILITY IS WITHIN YOUR REACH

Stop using that old rigid nut driver and add some flexibility to your work! The flexible shaft and no-slip grip provide 90° access and work best in hard to reach places such as compact car and boat engines, as well as plumbing repair applications.

The socket fits mini and standard hose clamp screw heads. Just flip the socket for the desired size of 1/4" or 5/16". The Flexible Hose Clamp Driver is packaged in a colorful VisiPak that measures **14-1/8" H x 2-1/8" W x 1-1/2" D.**

Part No: 9999V

Available in 10-Pack Case only
